

Order 1000 Requirements

**Charles Reinhold
WestConnect Project Manager**

**Order 1000 Stakeholder Meeting
Denver, CO
October 24, 2011**

Order 1000 Requirements

Planning Requirements:

- Each Transmission Provider must participate in a regional planning process that results in a regional plan
- The Planning Region must be defined – Who is in and Who is out
- Identify process for making decisions
- Must satisfy Order 890 principles
- Establish procedures to identify and evaluate transmission needs driven by Public Policy Requirements
- Allow opportunities for stakeholder participation in the process

October 24, 2011

Order 1000 Requirements

Regional Cost Allocation:

- Must establish a cost allocation method for new transmission facilities selected in the regional transmission plan for purposes of cost allocation
 - Requires development of a methodology to identify benefits and beneficiaries of projects
- Participant-funding of new transmission facilities is permitted, but is not allowed as the regional or interregional cost allocation method

Nonincumbent Developer Requirements:

- Eliminate provisions that establish a federal right of first refusal, with certain exceptions
- Develop a regional process for transmission project submission, evaluation and selection

October 24, 2011

Order 1000 Requirements

Interregional Coordination:

- Develop procedures for sharing information
- Implement procedures and describe the methods by which neighboring regions will identify and jointly evaluate transmission facilities that are proposed to be in both regions
- Exchange planning data and information between neighboring transmission regions
- Maintain a website or email list for the communication of information
- May develop cost allocation methods that differ from regional methods

October 24, 2011

Order 1000 Requirements

Inter-regional Cost Allocation:

- Neighboring transmission planning regions must have a common interregional cost allocation method for new interregional transmission facilities that the regions determine to be efficient or cost-effective. To be eligible for interregional cost allocation, each facility must be selected in each regional plan
- Different interregional facilities may have different cost allocation methodologies

October 24, 2011

Order 1000 Requirements

Compliance Due Dates:

- Compliance with Regional Transmission Planning Requirements – October 11, 2012
- Compliance with Interregional Transmission Planning Requirements – April 11, 2013

October 24, 2011
